

Hospital System

supervised by : Dr. Hadeer Ahmed

Advanced Programming

submission date: 22/4/2024

(group number 1)

1-TEAM MEMBERS

a-Abd-Elrahman Yahya

b-Mahmoud Abd-Elmenem

c-Mahmoud Khaled

d-Mostafa Salah

e-Mosab Mohammed

2-Project idea:

- A system of a hospital and their workers including: doctors , nurses , patients and their staff.
- There is also a system for entering and displaying data for doctors, nurses, and patients
- And search for them by using ID

3-Work distribution:

- **Mosab Mohammed and Mahmoud Abd-Elmenem :**
GUI,Login,Sound, Slides card and Test the project
- **Mostafa Salah :**
Design and Files
- **Mahmoud Khaled and Abd-Elrahman Yahya :**
Action Button , Dark mode, UML and Report

4-Action steps:

- 4-1 Choosing the idea.
- 4-2 Choosing classes and GUI.
- 4-3 Making of flowchart and UML.
- 4-4 Building classes and GUI
- 4-5 Making of main_minu and another classes.
- 4-6 Making of files and their functions.
- 4-7 Linking between files , classes and functions and GUI.
- 4-8 Testing the project.

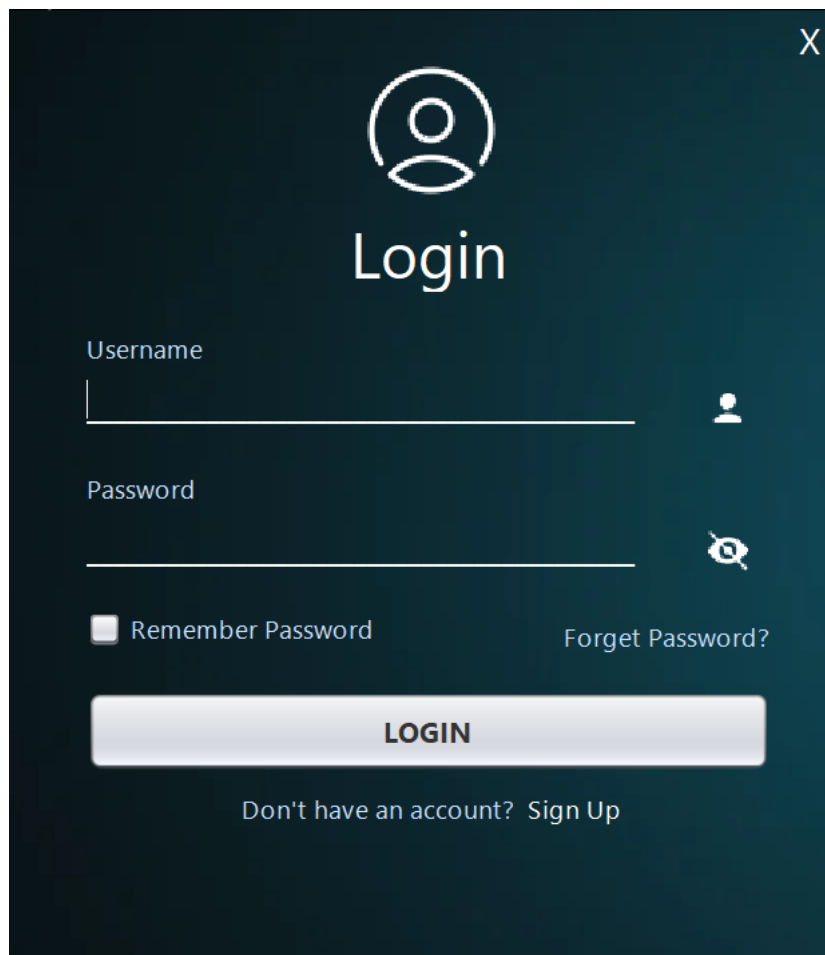

5-classes:

- **Person:**
The base class which all classes are derived from.
It includes information of every human-being like:
Name , age and gender.
- **Worker:**
A derives class form person which includes data like :
Salary and bonus.
- **Doctor:**
A derived class from worker that includes data of doctors like:
profession.
- **nurses:**
A derived class from worker that includes data of nurses.
- **staff:**
A derived class from worker that includes data of nurses.
- **patients:**
A class that includes all related data to patients like : Diseases.

6-GUI

- Login:
Log in with your username and password.
- Main_Menu:
It contains all important GUI and Functions such as : doctor, nurse, staff, and patient, recording data, and displaying all the data or by using ID.
- Show Data:
Show all data in selected panel.
- Data_Card:
Display the data by using ID.
- About:
Display all data about team members.

snapshots of the project while running:

A dark-themed login form with a user icon at the top. Below the icon is the word "Login". The form contains two input fields: "Username" and "Password". To the right of the "Password" field is an eye icon. Below the "Password" field is a checkbox labeled "Remember Password" and a link labeled "Forgot Password?". A large "LOGIN" button is centered below these elements. At the bottom, there is a link that says "Don't have an account? Sign Up".
